1. Review of 12/21/23 Notes
2. Reports:
3. Topics: IRS and LARA status (12/22 email) and Grand Rapids training tower support

Erik

Radios: No changes

Everbridge: First DC training will be Jan 18th with Hamburg FD.

Erik will have a scenario for the RED center with, they will use the new MABAS Incident document in 2.0 folder.

The MABAS Special Ops Group will identify who the DC will be running the ops.

The IC will be brought into the zoom by the RED center.

The DC will do the Everbridge notification to the Hamburg Drone team then advise the RED Center they can drop off the call.

Evans and I will be setting up additional dates (with calendar invites) to do other scenarios with the RED Center, DCs, and other special ops teams in the state.

Division exercises: None at this time.

MABAS 101: Still waiting to hear from agencies to host a class and dates

IL Dispatcher Hands on class: No changes, trying to hook up with Nicholai this month.

Dispatch Comms Committee: First meeting was this past Tuesday. Only three in attendance.

We are going to see how the first few months of roll call with division dispatch centers play out.

January is at 0500, February is at 0645, and March is 0500.

We will see how many attend and how many email to get it off their personal phones and pointed to their dispatch center.

Goals for 2024 - Might have to go to the Exec board for approval first on some items.

- Discussing with the directors and Assistant directors to get trainers and CTOs on zoom calls for trainings
- Getting MABAS training videos to the trainers and CTOs at division dispatch centers.
- Work with division dispatch centers to come up with
 - An approval process for OOD request
 - Notification process for the county
 - Deployment process
 - Demobilization process

RED Center: CTOs and Supvs should be training the staff on the new call taking sheet.

Going live January 15th (?) before the 18th scenario with Hamburg

Back up RED Center: Trying to find some time to reach out to Eaton and Wexford then schedule a on site visit. Discuss the process, evaluate the center, make sure they are training on MABAS, using the BOX cards, have the communication and technology in place per the policy. Discuss the expectations, go over guidelines, etc. etc.

Do we have to have a business agreement? Does EHP have one?

MI, WI, IL RED Center meetings: no changes

New Validations: Hamburg team has been loaded into Everbridge. 3201 TRT team has had some changes

today and this was updated in Everbridge

GR new facility: Could be the location for the Disaptcher Hands on Training that IL does a couple times a year?

Chris

Validations: Set up drone meeting to discuss Type I and hazmat training center for CBRNE and Unknown.

Spec Ops Quarterly Meetings: No update, Hazmat meeting

MRP Handbook: No update
