1. Review of 5/2/24 Notes
2. Reports:
3. Topics: Portage AAR, Midwest Expo, Texas Deployment, Legislation

Erik

Exec Roll call / Planner RRC roll call / Div Dispatch Roll call:

The May roll call for Exec board has been updated. These stats are located in the 8.02 folder if anyone wants to see which division is or isn't participating.

Everbridge: No changes. We need more practice with the DCs on using Everbridge. There are canned messages built for all the teams where you just change the brackets to send out. If you are creating a new notification, you are in the wrong location unless you are creating an advisory to send out to specific teams or people.

The Reese FD exercise took 24 mins from when the phone call was made to the RED center to when Midland joined the Zoom meeting. We started last year with an average of around 30 minutes. So we are doing better.

Member directory: No word from Josh yet. Gabie is getting used to the directory updating it. .

Division exercises:

Sept 2024 - DATE TBD - Oakland TRT will be responding to a bldg collapse in Rochester. They will be requesting agencies to deploy teams and do operational periods on this day.

MABAS 101: About 26 people attended the Reese class. Still have to go through the paperwork and confirm. EMABAS flew over to give their presentation after my class for 90 minutes.

DTW is full and I am pushing others interested into the June and September classes.

05/13/2024 0900 AM	Reese Fire Dept. 1955 Gugino MD St. Reese, MI	Jc
05/29/2024 0900 AM	Detroit Metro Airport DTW - 10100 Middlebelt Rd, Detroit, MI 48242	C
06/03/24 0900 AM	Jackson Fire Dept	A
06/07/24 0900 AM	Huron Valley Ambulance - 1200 State Ci, Ann Arbor, MI 48108	Ei
09/23/24 0900 AM	Macomb Comm College #144 21901 Dunham Rd, Clinton Twp 48035	B
10/04/2024 0900 am	Muskegon FD 770 Terrace St, Muskegon, MI 49440	N
10/05/2024 0900 am	Muskegon FD 770 Terrace St, Muskegon, MI 49440	N

Requests for classes

- Saginaw / Bay Co, Clinton Co, Genesee Co, Kent Co

IL Dispatcher Hands-on class: no changes

Dispatch Comms Committee:

- I have emailed APCO, NENA, MCDA, and the State 911 to advertise the classes.
- A suggestion from the group is to do a 30-minute Webinar for dispatch centers to join and ask questions.
- Roll call - send out pre-alert through Everbridge the day before to directors and alternate that with the roll call time and day and see if participation increases.

RED Center: Still short-staffed. Several trainees are cleared as call takers. 3 new employees starting next week.

Backup RED Center: I have emailed Eaton Co. but they seem to be traveling to all these conferences. Waiting to hear back from them.

MI, WI, IL RED Center meetings: No changes since Linehardt retired. They still have an interim director looking for a candidate.

New Validations: No changes

SCHEDULE DC training for Everbridge on 5/28 at 0830. Send zoom invite to DC's.

Chris

Validations: In discussions with Livingston County TRT who is interested in validating at the Company Level. Still working with Macomb TRT on dates. Midland still working on a date for Trench.

Spec Ops Quarterly Meetings: Sending out invite for the next meeting, Tuesday June 10. Topics will include the "Division to Division" requests for Tech Rescue during the Kalamazoo County Tornadoes, as well after action discussion from the June 8 exercise.

MRP Handbook: Discussed Macomb County (3204) status with their E Board rep yesterday and will be reaching out, including Chief Parker and their Plans Coordinator to walk them through the the updated Category I resources and helping them get there.

Water Resource Cataloging: Met with Lansing Area and began discussions about needed training. We need to identify a direction at the MABAS level and develop a plan.

Water rescue training: Need to provide swiftwater tech as prereq to take Rescue Boat Operator training. MABAS could provide instructors and curriculum, need cost, recovery, liability and site fees. Use Lansing as beta to check with insurance company for coverage and attorney to draw up agreements.

MABAS Online Training:

UAS Saratopo Interface:

MI-TF1 Training:

MABAS Training:

ESRI Server and License:

Mike

Deployment Coordinators: No report

MI-TF1 Plans Team Managers:

Incident Support Team: No Report

Pat

Plans Coordinators:

Regional Response Coordinators:

MRP Team Leaders:

MEMA Board presentation at their next conference.

Dave M.

MI-TF1: One squad of seven was demobbed yesterday and should arrive at MOB around 1600 today. Squad of nine was extended until tomorrow and had night missions last night. Waiting for a Sit Rep. Not sure if they will demob tomorrow morning or night. Anticipate arrival on Saturday or Sunday..

Budget Update: Received final installment for FY24. Texas deployment will probably put us over budget and into contingency fund. Need to calculate final cost and savings from ORE. This is how the contingency fund is meant to be used.

Reimbursement: Still waiting on Vermont. Starting the Texas process now.

Trent

Admin:

Website Update: Gabie now has access to update website.

Legislative Update: Spoke before the transport committee, tabled until tuesday. Shouldn't be an issue, per Rep BeGole
