Everbridge:

Hopefully, all of us have fixed our access to Everbridge since the new MFA was implemented. I sent an email out to the group on how to log in. Becky has been trying to get her access back. She will have the ability to reset MFA for those of us. I am trying to have that ability also. I am reaching out to Everbridge to see if we should have our own account, what the fees would be, and would AA RED and Eaton have access to it.

Member directory:

It is time to update the member directory. Some of these divisions have not been updated in over 12+

months. Lots of retirements out there. I want to make sure we have accurate information should an incident arise. I will work with Gabie to get this accomplished along with her document updates.

Division exercises:

September 17, 2024 - (Rain date Sept 18) Oakland TRT bldg collapse in Rochester. Agencies will be deploying teams to do 6-hour operational periods this day. [Operation W.O.W.](#) PDF of the event has been placed in 7.0 for now.
