MI-TF1: Met with EMHSD. They are in favor of us uploading MRP's into MASS with budgetary figures. We will have to edit uploads into MASS and see if EMHSD can upload into EMAC EOS. Matt is checking with other states who use MASS and EMAC. We are focusing on Type III USAR, Type I Swiftwater and Combination MRPs. We also discussed updating our MRPs and out of division box cards into MICIMS. We need to synch the MABAS Response Plan/Member Directory/MRP Handbook/Incident Call Taking Workbook with MABAS Maps.
