1. Review of 12/07/23 Notes - No Meeting
2. Reports:
3. Topics:

Erik

Radios: Digicom will submit tickets to MPSCS. Need to create templates for UHF and VHF. Make sure 3201 is following MABAS Comms Plan.

Everbridge: Working on Evans and Kwapis getting access. Evans all set. Had to put in a ticket to Everbridge for Kwapis. Waiting for a phone call. Tried the Everbridge App again and I am able to gain access at this point.

Division exercises: None at this time

MABAS 101: No changes, Still waiting to hear from agencies to host a class and dates

IL Dispatcher Hands on class: No changes

Dispatch Comms Committee: Work with the comms group and have the same message with the planners on using talk groups effectively for an incident.

RED Center: Going to change the questioning for the staff to match the workbook in the DC folder and then provide the staff access to this document so we are all working off the same document. Need to make changes and then get to the staff to do testing.

MI, WI, IL RED Center meetings: no changes

New Validations: Waiting for info from Martin for Hamburg Drone team

Chris

Validations: Sent Kalamazoo the information for Drone Validation. They said they are reviewing and will follow up with questions.

Spec Ops Quarterly Meetings: Need to pick a date for January

MRP Handbook: We will discuss streamlining the MRP Handbook to better identify the resources we want and to make the Emergency Response plan speak the same language as the MRP Handbook

Water Resource Cataloging: Gave the group some date options to meet in January

Shadd

MABAS Online Training: Phone call with Scott Tobey and continuing review (now that Admin Days are completed hope to finish review and make edits);

UAS Program: UAS Program overview Zoom with RPs 12/6; TF has 21 licensed FAA RP; initial classroom and skills training to commence Jan/Feb; final drafts being completed for SOG, checklists, skill sheets, and written test; training calendar for UAS group will be posted shortly; UAS MRP rollout in late FY24;

MI-TF1 Training: Completed Admin Days with 142 members, 61 medicals clearances completed; focus turns to continued updates on electronic Position Task Books; upcoming training projects for Med Spec (Mar), Machine Rescue Tech (April), Adv Shoring TEEX (April), Water Symposium (June), IRR Swiftwater Tech (June), and ORE (may);

MABAS Training: No updates

ESRI Server and License: No updates

Mike

MRP Team Leaders: No report

Regional Response Coordinators: RRC Update meeting held 12/13. 22 (of 30) RRCs attended via Zoom. Summary of Stephenson fire by Josh Dessart. Many lessons learned including need to set up Box Cards in their Divisions. Issue with access to RRC Tool Box has been fixed and the link is now working. MABAS RRC Radio ID numbers have been assigned to all.

Deployment Coordinators: Worked with Erik on improvements to the workbook and connection with Red Center. Will be planning monthly training meetings with DCs to exercise the process and work through the deployment.

MI-TF1 Plans Team Managers:

Incident Support Team: No Report

Plans Coordinators mtg - There are counties using the name MABAS in their talk group naming. This is causing agencies to go to MABAS talk groups and not the county talk groups that are named. It is important that users and division dispatch centers are adding the county numbers with the MABAS naming convention so that agencies understand it is not MABAS and it is a county talkgroup in that zone they are looking for.

Dave M.

MI-TF1: Working with EMHSD to upload MRPs into MASS so they can push to Requesting State with budgetary figures. Need to identify MRPs with specific equipment and personnel for each MRP. Next steps, updating MICIMS Resource Inventory. Long term is to include Fire Resources in MASS. Admin Days are complete and need to schedule Orientation and Admin Make Ups in January.

Budget Update: identifying budget line descriptions and projections for FY24.

Reimbursement: Good response back from sponsoring agencies regarding hourly rates. Working to develop similar MABAS guidance.

Trent
